S. C. Carter, our young popular station agent, has returned to Frankfort after a brief visit to relatives and friends here. Mack Williams, former night operator here, was down to see his mother last week.

W. L. McCarty went to Georgetown Tuesday. One of our best citizens, Henry Routon, sold his farm of 12 acres with a good house, at a great sacrifice to W. O. Watts, and with his family will move to Oklahoma.

We are unable to learn why Rev. Almon, of Danville, failed to fill his appointment at the Christian church Sunday last. Eld. Berry, of Henderson, is expected next Sunday to fill his first appointment for the year.

An elegant dinner was served at the residence of J. M. McCarty in honor of himself and bride upon their return from their bridal trip last Wednesday. The deafening celebration of the boys followed, as usual, late in the evening. The groom was generous, however, and the charavari which invariably follows a marriage in this section, was soon over with.

## HUBBLE.

Dr. Huckle's school is still increasing in number and interest.

Elder A. R. Moore will fill his pulpit at the Christian church Sunday afternoon at 2:30 o'clock.

A petition is being circulated and signed, asking the change of the county road from McKechnie's to Carmack's, so as to get it out of a branch.

Some one can get a good reward from Mr. Sloan if they will come and tell him who found his feather beds and clock, lost between Hubbles and Stanford a few weeks ago in moving to this community.

James McKechnie is in Wayne, working up a land sale. We are sorry to note that it has been decided by the specialists of Louisville that Master Price Corry's eye that got hurt by a cartridge a few weeks back is entirely out, and that Joseph Huffman's little boy who got his eye hurt hacking wood with a hatchet has about lost sight in that eye too. Madames George Wood and G. A. Swinebroad are both improving since last writing. C. F. Yeager and wife have moved to their farm in Garrard county. Henry Ball is very sick at this writing.

## Tribute of Respect.

In memory of Thomas B. Jennings, who died at his home in Sallie, Ala., Jan. 2, 1902, in the 66th year of his age. He died of Bright's disease. He was a member of the Christian church and had been for many years. He was a cousin of the writer, also of Alex Robinson, Joseph Robinson, of Lancaster, and T. J. Robinson, of Hustonville. He was always called Ben and everybody knew him by that name. He was a Confederate soldier and was under John Morgan. He was a kind hearted, good husband and father, and leaves a wife and three children. His mission on earth is ended; his work is done; a Christian man has gone to his reward.

May his wife, children and sisters be prepared to meet him in that land where no parting tears are shed.

Chenault, of Richmond, and William Porter, of Beaufort, were here Tuesday. The tallest man Rockcastle ever reported was one who gave away \$10,000 in cash to save paying taxes thereon. This is a fact.

It is so seldom that one of the African race commits suicide that few people hear of it. Mollie Thomas, aged 23, wife of Dick Thomas, whose home is about a mile from town, used a 38 pistol Tuesday morning to wind up her earthly affairs. Her husband had started to town and on reaching a neighbor's heard a shot. On returning to the house he found the woman dead. Two small children were the only witnesses. Coroner's verdict was "suicide." There had been some dissension and quarreling in the family and the woman had threatened to take her life before.

Mrs. Rosalind Neibett, formerly of this place, has been appointed principal of the school recently established by the Christian church at Corbin. They started out the first of the year with 80 pupils, with three teachers. They are using a rented building, but propose to put up a college building of their own during this year. The quaint costumes of Revolutionary days, the dignity of the Colonial dames and the brightness of a Gypsy camp, promise to make an attractive little drama.

Lancaster doffs her hat to Stanford at the prospect of furnishing a successor to Congressman G. G. Gilbert. But at the same time let it be understood that all the laurels will not belong to Lincoln, as the Hon. R. C. Warren is not altogether a Stanford product, for the "better half" is indisputably of Garrard origin, Mrs. Warren being a daughter of Dr. and Mrs. B. F. Duncan and a sister to Mesdames Bradley and Gill, of this city.

REMARKABLE CURE OF CROUP.

A LITTLE BOY'S LIFE SAVED.

I have a few words to say regarding Chamberlain's Cough Cure Remedy.

It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle from A. E. Steere, of Goodwin, S. D. and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed, every 10 minutes,

until he "brought up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—Joel Demont, Inwood, Iowa. For sale by Craig & Hocker, druggists.

E. C. WALTON.

W. P. WALTON.

is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

DURING 1901 there were put down in the United States 5,057 miles of new railways, this estimate being that of the Statistical Bureau of the Treasury. The increase is greater than has been recorded for any year since 1890, and brings the trackage of this country up to 199,378 miles, exclusive of the large and rapidly growing mileage of urban and suburban lines operated by electricity. The railway mileage of the whole world is estimated by the bureau at 484,348 miles, that of the United States, therefore, constitutes more than two-fifths of the total. Roughly speaking, this may be taken as a measure of the productive energy of the American people as compared with that of the entire population of the globe.

THE editor of the Lexington Democrat, who has been an able supporter of the Madison county statesman for a quarter of a century says: The abolition of a life-time was realized yesterday and the earnest effort of 20 years rewarded when the Legislature elected James Bennett McCreary United States Senator. His friends, and their name is legion, will rejoice with him and are confident that he will wear his new honors with becoming dignity and continue to serve his constituents and the country at large with that ability and fidelity that has ever characterized him.

It is a pity that he can not take his seat at once and send Deboe back to her doctoring, instead of having to wait till March, 1903.

HON. M. F. NORTH, Lincoln county's splendid representative, was placed on the committee of Ways and Means, Slating Fund, Constitutional Amendments and Public Warehouses and Granaries. He might have fared better had he been for Flan for Speaker, but he was a Barton man.

AN Italian boot black who refused to abne a Negro's shoes was mulcted with the costs in a suit brought by the Negro for \$100 damages, at Rochester, N. Y. Since Roosevelt doesn't draw the color line, boot blacks mustn't, the court evidently thinks.

MANY reapportionment bills have been introduced in the Legislature. One hopeful republican has one making the Eighth, Ninth, Tenth and Eleventh districts republican. What's the matter with making the whole State of that political complexion?

IT is now Senator James Bennett McCreary. He was formally elected U. S. Senator Tuesday, receiving every democratic vote. Deboe received every republican vote except that of Senator W. H. Cox, of Mason county, which was cast for Bradley.

WOOD G. DUNLAP, of Lexington, who probably has time he does not need, is going to Columbus, where the Ohio Legislature is in session, to ask for money to enable Caleb Powers to appeal from his second conviction.

THE Gospel News is the only paper in the State published in the country. Editor Perkins, who formerly had his office in Mayfield, has moved it to be far three miles in the country.

By a vote of 70 to 0, the republicans refusing to vote, the House at Frankfort adopted the Weatherford resolution commanding Schley and condemning the majority verdict of the Naval Court of Inquiry.

The court of appeals, in deciding a local option case practically overruled the opinion recently delivered in the Pratt-Breckinridge contest. The decision upholds the action of a county election board sitting as a board of contested.

Senator J. B. Foraker was re-elected by both branches of the General Assembly of Ohio to succeed himself as United States Senator. Ex-Senator Arthur Pusey Gorman was elected by the Maryland Assembly to succeed Senator Wellington as United States Senator.

This sort of language is said to be inappropriate for Uncle Sam to transmit through the mails, consequently Mr. Davles was hauled up before the Federal authorities. He was held over in \$200 bond to appear before the Federal court in Judge Cochran's district.

## THE HOWARD TRIAL.

John M. Collins, of Clay county, a new witness, gave sensational and damaging testimony against Jim Howard. He said Howard remarked while looking at a newspaper cut of Goebel after the shooting: "He don't look as natural as he did when I had my sights on him."

The Commonwealth has closed its case against Jim Howard, but has reserved the right to recall James Stubblefield and to introduce three witnesses who have failed to answer. These are Wesley Whittaker, Hiram Lewis and John L. Jones, for whom attachments have been issued. D. D. Fields, a republican lawyer of Letcher county, gave some material testimony in regard to the murder conspiracy.

Jim Howard testified in his own behalf at Frankfort yesterday. He detailed all knowledge of the Goebel murder. On cross-examination, he could not explain why he passed the guards at the Capitol grounds unchallenged, or why he slept in the Agricultural building on the night of the shooting. He admitted having conversed with Golden and other witnesses, but denied all damaging statements attributed to him.

Wesley Whittaker, one of the State's important witnesses, is missing and it is said he has gone back to the mountains. Whittaker made an affidavit this week that two prominent republicans of Winchester offered him \$500 to swear that James Stubblefield had said he was paid to testify against Howard. Whittaker said they asked him to get another man to testify to the same effect and that they told him Howard "had to be saved." He names the two men in his affidavit.

Warton Golden said the first time he saw Jim Howard in Frankfort was in W. S. Taylor's office on the night of Jan. 30. The next morning he met Howard back of the capitol. Howard told him that Goebel was not dead then, but that he would die all right. He then said: "They say Jack Culin is a good race horse starter, but he never started any horses that ran as fast as he did." "I asked him," continued Golden, "how he knew that, and Howard replied: "I ought to know. Wasn't he with Goebel?"

Ed. Geers, the Great Driver.

Ed Geers was born Jan. 25, 1851, on a farm in Wilson county, Tenn. He began his turf career at an early age, and gradually his work as a driver became noticeable to the horse owners throughout the country. Mr. Hamlin watched Geers' manipulation of the reins in many races, and was so impressed with him that he engaged the great driver at a large salary. Geers moved to Buffalo with his family in February, 1892 and has been in the employ of the McCarroll Hamlin ever since.

Geers has given world's records to a great many horses since his advent in Buffalo. Some of these records stand to the present day, while a few of them have since been lowered. The following are among the world's records driven by Geers: Brown Hal, pacing stallion record; Hal Pointer, pacing gelding record; Fantasy, three-year-old race record; Fantasy, four-year-old mare race record; Fantasy, four-year-old mare race record; Fantasy, fastest four-horse race; Nightingale, three-mile record; Nightingale, two-mile record; Robert J., world's harness record; Robert J., fastest gelding; Robert J., fastest heat in race, gelding; Robert J., fastest four-head race; Joe Patchen, fastest race record; Lady of the Manor, fastest pacing mare; Lady of the Manor, fastest heat in race, mare; Lord Derby, fastest five-year-old trotting gelding; The Abbot, fastest six-year-old gelding; The Abbot, fastest two-horse race; The Abbot, fastest five-head race; The Abbot, fastest race record to wagon; The Abbot, fastest trial to wagon; The Abbot, fastest trotting record; Belle Hamlin, Globe and Justina, fastest triple team record; Heir at Law, fastest records, both trotting and pacing.

SENATOR MCCREARY.

The Hon. James B. McCreary has been nominated for the United States Senate by the democratic caucus and will be elected on the first ballot. He will make a dignified, laborious Senator—useful to his constituents, of service to his State. He has had a long and varied public career and has filled all the positions to which he has been elected with credit and will be the full equal of the average of those with whom he will sit as Senator from Kentucky for the United States. He will be courteous to all with whom he comes in contact and will take much trouble to do any citizen of Kentucky a favor or to keep from doing any one an injury.

He is an adroit, able, tireless politician, with a remarkable capacity for organization and an exceedingly extensive acquaintance.

He is a firm believer in the wisdom of the policy of making as many friends and as few enemies as possible; or doing as many favors and giving as few refusals to requests for favors as consistent with the sense of public duty, which is high, and of political obligations, which is very potent with him.

The Morning Herald has taken no part and not a great deal of interest in the fight for the Senatorship, but has frequently said that Gov. McCreary was the most suitable selection of those who were candidates, and now feels that it is only proper to say that Kentucky is to be congratulated upon the fact that he was nominated and elected—and that without a long and bitter contest.—Lexington Herald.

## CHURCH MATTERS.

Rev. J. W. Hagan's subject Sunday morning is "Stumbling Blocks;" evening, "Christ the Way."

John D. Rockefeller's last benefaction is a gift of \$15,000 to a Chicago Negro congregation, the Mount Olivet Baptist church. To comply with the requirements of the gift, the church had to raise \$6,000 by New Year's day. They did it.

The Topeka, Kansas Messenger says that Eld. John L. Lewis, who has charge of the work at Pawhuska, is doing a good work. He is a very earnest and energetic young man and will build up the cause there with the support of the brethren. Eld. Lewis is a son of Dr. and Mrs. T. M. Lewis, of this place.

Col. W. P. Walton has bought a controlling interest in the Lexington Democrat, and is again editor and manager of that paper. This will be good news to his many friends, who know that he is entirely too big a gun to use weekly or semi-weekly shots. No man in the State has done more faithful work for the democratic party than has he, and there is no better newspaper man to be found—Central Record.

Disease and danger lurk in the vital organs. The blood becomes vitiated and the general health is undermined whenever the stomach and liver fail to perform their functions as nature intended. Herbs will tone up the stomach, regulate the liver, where other preparations only relieve. Price 50 cents. Penny's Drug Store.

The chaplain of the Kentucky State penitentiary, Rev. Lew G. Wallace, states that after careful investigation he finds 67 per cent. of the total prison population of 1,300 persons to be totally illiterate, and fully one-half of the remaining 32 per cent. to be semi-illiterate. Illiteracy can not be considered as an effect of crime; can it be considered as a producing factor?—Herald.

Owlesley, cashier, was handed us for publication: "The determined effort to burglarize the safe of the Lincoln County National Bank, Stanford, Ky., by use of the most powerful explosives known to the匠心, resulted in a complete failure to open our safe and they did not get one cent of the bank's money. The officers will be inconvenienced for a few days, but the business will continue without interruption."

AS IT is necessary to stop our press to hear, please don't call this office by telephone between 1:30 and 4 o'clock on Tuesday and Friday afternoons unless you have important business or a good, fresh news item for us. Also we had much rather that news items be handled in by town people than sent by phone.

A NIGHT POLICEMAN—Barney Weare is circulating a petition, which is being signed by almost everyone to whom it is presented, asking the city council to appoint Mr. A. C. Alford night policeman. This is a capital move and Mr. Weare deserves congratulations for his interest in the matter. Mr. Alford is a sober, industrious, clever young man and would make an excellent officer. The town can well afford a night man, who could also serve on public duty, and we are glad that our people are at last awakened to the necessity of having the town guarded at night by a good man. Marshal R. G. Jones is a splendid officer, but it is silly to argue that he can serve the town both night and day.

GORTON'S famous minstrels will appear at Walton's Opera House, Stanford, Wednesday night, next, 22. This company is said to be the most elegantly costumed minstrel organization traveling. The first part presents a most beautiful combination of colors, being draped in solid wine-colored plush, with old gold trimmings, while the performers wear costumes of costly silks and satins the whole forming a most beautiful and harmonious picture. The company possesses an excellent quartette of trained vocalists who render the latest ballads and selections. The instrumental music and the various high class specialties fully sustain the reputation of Gorton's minstrels, and there is no doubt of their being greeted by a crowded house.

Boyle county claims to have within its limits the two smallest youngsters in the State. One is Beslee Lee Goode, the four-year-old daughter of S. G. Goode, who lives on the Perryville pike. She weighs 17 pounds, and at the age of six months balanced the scales at the three pound mark. She weighed three quarters of a pound at birth. The other child is Mary Agnes Johnson, infant daughter of Buel Johnson, who lives in Danville. She is now seven months old, weighs seven pounds and at her birth could be placed in an ordinary teacup. Both children are in the best of health.

Mr. A. C. Martin, a clever farmer of the Saufley neighborhood, was married at Georgetown yesterday afternoon to Mrs. Fannie Shropshire, a handsome widow of Paris. Mr. C. C. McClure, of Crab Orchard, and Mrs. Cynthiana, acted as attendants and the two were united in a beautiful ceremony. Mr. and Mrs. Martin came to Lexington last evening and after spending the night in that city came to Stanford this afternoon and are at home to their friends. There isn't a better or cleverer man in the country than "Lon" Martin and his friends congratulate him on winning such a handsome and accomplished wife. The bride owns a good farm near Paris and is in fine circumstances. The INTERIOR JOURNAL extends heartiest congratulations.

DOES THIS MEAN YOU.

When a fellow writes a ditty

That is really bright and witty—

One that seems to please the people—

Makes a hit

Then I note some fellow feel it

Is a gem, and So they steal it;

Then the proper diagnosis

Is: "You're IT"

When the bunch Steerer prances

Off with all of

Your finances:

Then of course you feel distracted—

Just a bit,

When you lose your

Verses funny,

It is worse than

Losing money—

Yes, the proper diagnosis

Is: "You're IT"

There will always

Be some fakirs—

Not quite thieves—just

Call them "takers"—

They steal each clever verse as

It is writ,

Since they have no

Honest feeling,

But have learned the

Well, the proper diagnosis

Is: "You're IT"

## Brookhead.

Dr. Percy Benton bought a saddle horse of Mr. Brown for \$70.

Rev. Steiner is conducting a series of meetings at the Methodist church this week.

Mrs. Ell Dunn has just returned from an extended visit to relatives and friends in Garrard.

Rev. J. W. Masters, of Corbin, State evangelist for the prohibition alliance, delivered a very able lecture at the Methodist church last Tuesday night, and succeeded in organizing a prohibition alliance lodge at this place.

Brookhead promises to give one of the most interesting old fiddlers' contest ever witnessed here, and all are cordially invited to attend it, for some great men have been fiddlers and some great men could not play at all.

The fiddlers were said: "He could not fiddle, but he could make a small town a great city;" and this contest will be like a city's contest, except the admission fee will be only 25c. It is said that Nero fiddled when Rome was in flames;

so Brookhead will have some fine lights the night of the contest, which will be Tuesday, 21st. There will be quite a number of contestants for the prizes, which will be \$10 to first and \$5 to second. The following gentlemen have already entered: Dr. I. S. Burdett, H. G. Howard, Fount Tyree, James Sowder, Joe Luensford, Willian Singleton, John Anglan, J. B. Farmer, Larkein Hicks, all of Rockcastle county; Willis Carter, of Pine Hill, and Ebb King, of Crab Orchard, it is said will be on hand, and the proprietors are expecting others from Lincoln and Garrard counties. It will be a free and open fight for all.

The U. S. Civil Service Commission

will hold examinations at several places in each State during March and April, to secure young men and women for the government service.

9,889 persons secured positions last year through these examinations. Probably 10,000 appointments will be made this year.

All appointments are for life and for most positions only a common school education is required. Salaries at appointment vary from \$600 to \$1,200 a year with liberal promotions afterward. Politics is not considered. There is less competition in the Southern States than in other parts of the country. This affords a good opportunity for people between 16 and 45 years of age. Those desiring places of this kind can get full information about them free, by writing to the Columbian Correspondence College, Washington, D. C., and asking for its Civil Service catalogue, No. 3.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Bochee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sale every season confirming. Two million bottles sold annually. Bochee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's Special Alumacat at Penny's Drug Store.

A GOOD RECOMMENDATION

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weher, a prominent druggist of Cascade, Iowa.

What better recommendation could any medicine have than for people to call for it when again in need of such a remedy?

Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by Craig & Hocker, druggists.
